

# Epoxy Body Combination Laboratory Electrodes

|          |   |        |      |        |                         |
|----------|---|--------|------|--------|-------------------------|
| 5733526  | General Purpose pH                                      | 0~13pH | GX-2 | 0~80°C | Single Junction Ag/AgCl |
|          | Field use, sea water, swimming pools (plug junction)    |        |      |        | 12mm dia. x 110mm       |
| 5733526R | General Purpose refillable pH                           | 0~13pH | GX-2 | 0~80°C | Single Junction Ag/AgCl |
|          | Sea water, swimming pools (plug junction)               |        |      |        | 12mm dia. x 110mm       |
| 5733726  | General Purpose pH                                      | 0~13pH | GX-2 | 0~80°C | Double Junction Ag/AgCl |
|          | Field use, sea water, swimming pools (plug junction)    |        |      |        | 12mm dia. x 110mm       |
| 5733530  | General Purpose pH                                      | 0~13pH | GX-2 | 0~80°C | Single Junction Ag/AgCl |
|          | Field use, sea water, swimming pools (annular junction) |        |      |        | 12mm dia. x 110mm       |
| 5733530R | General Purpose refillable pH                           | 0~13pH | GX-2 | 0~80°C | Single Junction Ag/AgCl |
|          | Sea water, swimming pools (annular junction)            |        |      |        | 12mm dia. x 110mm       |
| 5733730  | General Purpose pH                                      | 0~13pH | GX-2 | 0~80°C | Double Junction Ag/AgCl |
|          | Field use, sea water, swimming pools (annular junction) |        |      |        | 12mm dia. x 110mm       |

|         |  |        |      |        |                         |
|---------|--|--------|------|--------|-------------------------|
| 5732511 | Flat Surface                             | 0~13pH | GX-2 | 0~80°C | Single Junction Ag/AgCl |
|         | Leather, paper, agar, meat, fish, cheese |        |      |        | 12mm dia. x 110mm       |

|         |                                      |         |          |        |                         |
|---------|--------------------------------------|---------|----------|--------|-------------------------|
| 5730602 | General Purpose ORP                  | ±1000mV | Platinum | 0~80°C | Single Junction Ag/AgCl |
|         | Field use, sea water, swimming pools |         |          |        | 12mm dia. x 110mm       |

|         |                        |        |      |         |                         |
|---------|------------------------|--------|------|---------|-------------------------|
| 5533501 | Micro pH               | 0~13pH | GX-2 | 0~80°C  | Single Junction Ag/AgCl |
|         | Lab flasks, test tubes |        |      |         | 6mm dia. x 155mm        |
| 5533901 | Micro pH               | 0~13pH | GX-2 | -5~80°C | Single Junction Calomel |
|         | Lab flasks, test tubes |        |      |         | 6mm dia. x 155mm        |

|          |                                      |        |      |         |                         |
|----------|--------------------------------------|--------|------|---------|-------------------------|
| 5733928  | General Purpose pH                   | 0~13pH | GX-2 | -5~80°C | Single Junction Calomel |
|          | Field use, photo baths, TRIS buffers |        |      |         | 12mm dia. x 110mm       |
| 5733928R | General Purpose refillable pH        | 0~13pH | GX-2 | -5~80°C | Single Junction Calomel |
|          | Photo baths, TRIS buffers            |        |      |         | 12mm dia. x 110mm       |
